

EVEC 2008

2008 ODU EASTERN VIRGINIA ENERGY CONSERVATION CONFERENCE

Old Dominion University (ODU), with support from the Virginia Department of Mines, Minerals, and Energy (DMME) and selected sponsors, will host the 2008 Eastern Virginia Energy Conservation Conference (EVEC 2008). EVEC 2008 is devoted to identifying and correcting sources of energy waste and improving energy efficiency. Today's high cost of energy and our concern with protecting our planet make this the "must do" event of the year. Our topics and a stellar list of speakers, presenters, and exhibitors have been selected to address your interests and concerns.

Hear renowned speakers and talk with exhibitors about how you can make a difference conserving energy and learning how to save money. To date, our distinguished speakers include: Senator Frank Wagner, Stephen Walz (Senior Advisor for Energy Policy in the Office of Governor Tim Kaine), David Heacock (CEO, Dominion Power), Michael Townes (President & CEO, Hampton Roads Transit). To see more confirmed speakers, or for speaker biographies, please visit us at <http://www.evec2008.com>.

EVEC 2008 will be held May 14th and 15th at Old Dominion University's Ted Constant Convocation Center. All sessions, reception, and meals will be held at the venue. Free parking is conveniently located next door.

Attendees should include those responsible for energy-related decisions in manufacturing, businesses, industry, local government (including plant and infrastructure supervisors), and DoD related interests. Expect to gain valuable information from our presenters and breakout sessions covering topics including:

Identifying Wasted Energy

Energy Audits and Expected ROI; Using Environmental Management Systems (ISO14001) to Conserve Energy; Wasted Lighting in Manufacturing Environments; Wall Warts, Energy Vampires and Other Insidious Energy Wasters

Costs/Benefits of Selected Energy Management Areas

Motor Controls and Computerized Energy Management Systems; HVAC Efficiency, including: Converting to Variable Air Volume, Recommissioning and Balancing Procedures, and HVAC Replacement/Upgrading Costs/Benefits; Implementing Demand-Side Electrical Load Shedding; Lighting (including lighting retrofits costs/benefits)

Determining the Most Cost-Effective Solutions

Using Carbon Footprint Calculations; Energy Management Systems, ESM (Energy Saving Modules) and BEMS (Building and Energy Management Systems), Third-Party Energy Management Services; Solutions for Municipalities; DoD Best Practices and Case Studies

General Topics

Wasted Lighting: The Biggest Offender (expert panel); EPA's Energy Star Program

REGISTRATION ~ www.evec2008.com

Early bird pricing is available for those registering before **April 15, 2008**.

For Conference Registration, Exhibitor Registration or Sponsorship information, contact Kendra Briscoe (Program Manager) at (757) 683-5479 or kbriscoe@odu.edu.

Sam A. Manning, Conference Director, can be reached at 757-683-3825 or smanning@odu.edu.

EVEC 2008

Eastern Virginia Energy Conservation Conference

May 14-15, 2008 The Ted Constant Convocation Center - Norfolk, VA

General Booth price

- General booth pricing is \$875.00.

Exhibitors receive the following benefits

- Two Complimentary registrations for persons working your booth. (Additional registrations are subject to the regular conference fees.)
- A listing in the Conference program and on the Conference website.

Registration

- Complete the **Exhibitor Registration Form**
- Complete the **Attendee Registration Forms** to register the two persons who are working your booth and submit with your exhibitor registration. Additional attendees will need to complete an **Attendee Registration Form** and pay the standard conference fee.

Non-Profit or Governmental agencies

- There are a few booths available at a reduced rate for non-profit or governmental agencies. Please e-mail Kendra Briscoe (kbriscoe@odu.edu) for more information or to see if you qualify.

Booth details

- Each 10' x 10' booth will include: back and side drape and pipe, one table, two chairs and one identification sign.
- Electric hookup, phone line and internet are available for an additional fee.
 - Electrical Service - \$100 per drop
 - Phone Line - \$75 per line
 - Internet - \$200
